AMMENDED 2017

Section 2

The primary objective of the GCSL is to provide for the youth of the Columbus Metropolitan area who are oriented to aquatics an opportunity for growth through participation in competitive swimming and/or diving. The GCSL shall be organized and governed by a Board of Directors, hereinafter referred to as the "Board". Directors shall be representatives of the individual member clubs. It is the responsibility of the Directors to assist the League Commissioner in the administration of League business and to act as liaisons between the League and pool managers, parents, and coaches. The Directors will advise the League Commissioner in matters of legislation, interpretation, and enforcement of rules, and other action when needed.

Section 2

The membership of the Board shall consist of two (2) Directors from each member club. A Director may be any person selected by the Club, its management, parent group, or any other group of persons associated with a particular Club and given that responsibility.

This section contains guidelines and suggestions for making such modifications.
2. **Responsibilities** –
 - A. Athlete – The athlete (or the athlete’s coach) is responsible for notifying the Referee, prior to the competition, of any disability of the athlete. The swimmer/coach shall provide any assistant(s) or equipment (tapers, deck mates, etc.) if required.
 - B. Referee – The Referee’s responsibilities include:
 - (1) Inquiring regarding the athlete’s need and determining what modifications will be required.
 - (2) Instructing the Starter and Stroke and Turn officials as to the accommodations to be made for that swimmer.
3. **Modifications** - Some of the modifications which the Referee may make to accommodate the athlete with a disability are:
 - (1) A change in starting position.
 - (2) Reassignment of lanes within a heat, e.g., exchanging Lanes 2 and 7.
 - (3) Allowing the athlete’s assistant(s) on the deck or in the water to assist with a start. Other allowable modifications

are further described in this section under the type of disability.

4. **Use of ID Card for Swimmers with a Disability** – All swimmers with a disability, Who have an International Paralympics Committee authorized classification, will be issued an ID card listing their specific International Paralympics Committee swimming rule exceptions on the reverse of the card. Swimmers shall be judged under these specific exceptions.

BLIND AND VISUALLY IMPAIRED –

1. **Start** – With an audible starting system, no modification is usually required for a blind or visually-impaired swimmer. They may, however, require assistance getting to and on the block. Should they feel insecure starting from the block or deck, an in-the-water start may be allowed.

The swimmer is tapped with the ‘tapper’ as notification of turns and the finish. Sound devices shall not be used. It is the swimmer’s responsibility to provide the tapper (s) and operator (s), who shall be positioned within the confines of the swimmer’s lane at the ends of the pool.
3. **Relay Take-Offs** – A physical touch may be required to signal the relay swimmer when his/her teammate has touched the wall. The specific method may be tailored to the swimmer’s preference so long as it does not aid the swimmer’s take-off or interfere with the timing.
